for BALOO online pre-requisite training

Participants drive to Sea Base and park in the designated parking area and proceed to Kennedy Center for check in and instructions. We will be using the cabins to save time, but bring your tent as a Plan B to be prepared. Finalized instructions will be sent to all participants on a timely basis. Regardless of overnight accommodations, your tent may be needed for a portion of the training.

It is important to arrive on time and attend all sessions in order to receive credit for the course. This may require you to leave work early on Friday. This course is normally done in a 2 night format, so arriving late and leaving early would impair the experience dramatically.

Let Dee Goliwas know if you have any special health or dietary restrictions so that accommodations may be made.
